Certificate - Explanatory Notes

Pearson's Qualifications

Pearson qualifications use a variety of grading scales and are offered across a range of levels. Details of our qualifications, grading and levels can be found on our website: qualifications.pearson.com.

Regulated Status of our Qualifications

A Qualification Number (QN) and regulatory logo(s) are printed on this certificate where the qualification is regulated in one or more of England, Wales and Northern Ireland.

Evidence of Achievement

Successful completion of all programme requirements is recognised by the award of a LCCI qualification certificate.

For the LCCI Certificate in English for Business qualification, the results of the optional speaking and listening components are reported separately from the result for the mandatory reading and writing component. If any of the components have not been attempted and achieved, these components will not appear on the front of this certificate.

For the LCCI Certificate in ESOL International (JetSet) qualification, the result of the optional speaking component is reported separately from the results for the mandatory writing, reading and listening components, and does not contribute to the overall grade for the qualification. If the speaking component has not been attempted and achieved it will not be listed on the front of this certificate.

Further information on Pearson vocational qualification certificate types can be found at: qualifications.pearson.com/certification.
